Welcome!

Dear Families,

Thank you for your interest in Jellybean Pediatrics. I'm so glad you're here.

I created this practice because I believe pediatric care works best when families have time, access, and real relationships with their doctor. Medicine is about more than appointments. It's about knowing your child, walking alongside your family as your child grows, and supporting you through both the everyday moments and the hard days.

At Jellybean Pediatrics, you can expect thoughtful communication, unhurried visits, and care that meets your family where you are, whether that's on your screen or in your home.

This packet explains how membership works, what's included, and how to reach me when your child needs care.

I'm honored you're considering Jellybean Pediatrics for your child's care.

P.S. Expecting a baby?

I encourage families to schedule a complimentary prenatal meet-and-greet before delivery so we can get to know one another and answer questions before your baby arrives.

With gratitude,

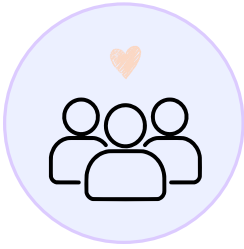

Dr. Lauren Beene

FOUNDER & PEDIATRICIAN
Jellybean Pediatrics

How to reach me

...and what to expect when your child needs care.

Whether your child is sick, injured, or you're simply not sure what to do, I'm here to help. You don't have to figure it out alone. Together, we'll determine the best next step.

Text or Call: (216) 236-2847

TEXT (PREFERRED)

Text is the best way to reach me for most questions and concerns.

Many pediatric issues can often be handled through messaging alone, saving your family time and avoiding unnecessary visits.

CALL (URGENT)

If your concern is urgent or difficult to explain by text, please call.

RESPONSE TIMES

Before 8:30 PM:
Usually answered the same day.

After 8:30 PM:
Usually answered the next morning.

If it can't wait until morning, but doesn't seem like an emergency, please call.

HOW CARE WORKS

Most concerns can be managed through text, phone, telemedicine or home visits.

Together, we'll determine the next best step.

If a visit is needed, it can be either virtual or In-person

AFTER-HOURS SUPPORT

On designated evenings, weekends, and holidays, calls may be answered by an experienced pediatric triage nurse. Coverage dates will be shared in advance.

EMERGENCIES

For any **life-threatening** emergency, call 911 or go directly to the nearest emergency department.

Questions & Next Steps

Do you take insurance?

Membership fees are not billed to insurance. Dr. Beene encourages families to maintain health insurance for hospital care, specialists, imaging, laboratory services, and medications.

Vaccines are billed to insurance whenever possible.

What is your vaccine policy?

Dr. Beene follows the AAP-recommended vaccine schedule. Alternate schedules can be discussed.

Vaccines are available through the practice and are billed separately from membership fees.

What ages do you see?

Children from birth through age 18.

Where do visits take place?

Care is provided through text, phone, telemedicine, and home visits as appropriate.

How do labs, imaging, and referrals work?

We coordinate referrals, imaging, and laboratory testing when needed.

Services performed outside the practice are generally billed through your insurance or the outside facility.
